Strategic partnership with Global Risk Forum Davos announced

Resilience Guard GmbH is proud to announce a Strategic Partnership Agreement with Global Risk Forum (GRF) Davos, an organization that acts as a center of knowledge on the latest risk management strategies, tools and practical solutions. The aim of GRF Davos is to reduce vulnerability to all types of risks and disasters to protect life, property, the environment, critical infrastructure and business operations worldwide on a sustainable basis.

Joining forces with GRF will add significant value to both organizations since both offer complimentary areas of expertise. Customers can be assured they will receive world-class support as they work towards enhancing their resilience to potential risks and disruptions.
